## What is JCORE Point-Of-Sale (POS) System?

JDEV Office Solutions Inc., is a Software Development company existing more than a decade in systems development and providing robust solutions to more than thousands of businesses around the Philippines.

JDEV Specializes POS for Groceries, Convenient Store, Drugstore, Fast food, Fine Dining, Restaurants, Gen. Merchandising and other Trading and Specialty Stores.

JCORE POS is an excellent form of technology solutions that manages your customers, customer orders, discounts, purchases and deliveries, and inventory.

Coming from experience, a point of sale system is the most important assets to your business.

## Reporting and Analysis

JCORE POS makes it easy for you to analyze product and sales statistic. Standard build-in reports are customizable to your needs and preferences.
